

“Wh

alive?”

➤ Listen to

the teacher, then read, understand, draw and colour.

<p>A cat is furry. It has got a long tail and four legs. It can run/jump.</p>	<p>A tree is tall. Its green leaves grow up in the air. Its roots grow deep underground.</p>	<p>A flower has got pink or yellow or red petals. It grows.</p>	<p>You are growing!</p>
<p>A bird, a tree, a flower and you are alike because YOU ARE ALL ALIVE, YOU ARE LIVING THINGS.</p>	<p>A stone, a bike, a book the swing set, a doll are alike because THEY AREN'T ALIVE, THEY ARE NON- LIVING THINGS.</p>	<p>Plants and animals are living things because they need water, food and air, they grow and move.</p>	<p>Many things aren't alive because they don't need water, food and air, they don't grow and move.</p>
